I was totally convinced by a retailer friend of mine to make a chartreuse net. After listening to his story where he described selling a highly visible, brightly colored fluorescent dip net; every kid on the beach that saw the net, had to have one. Each time the net is thrown, it is like a highly visible advertisement.

This information would be helpful in your catalog:

The theme is exciting with the little girl holding her chartreuse net and saying, "Get yours Daddy, and we will be Betts Buddies. For Daddy, we made a 6' model. A superb marketing strategy that will sell product and encourage family participation. We hope to incorporate the Water Work Wonder Promotion. We will provide ad slicks and 11 x 14 color poster.

Old Salt[™] Cast Nets

Utility Box

Our research confirms that sunlight reflection on a clear mono net, acts like a mirror that causes glare and shadows, which spooks the bait instantly. Therefore, we designed a NO SPOOK net that is almost invisible in and out of the water. It is the only net that has ever been made with camouflage colors in the netting.

Tyzac™, Hi-Tider™, Old Salt™, Betts® Blue™, Sea Green™, Betts® 1/4" Mesh, Betts® Buddy, and No Spook™ will be packed in new Utility Boxes.

Great New Packaging

- All leadlines are braided with hard center core. Will not kink
- Double selvage on horn and leadline for triple strength
- Aeronautically designed for fast sinking and low wind resistance
- All knots double tied and glued with epoxy
- Special TR3 light weight abrasive resistant netting for quick sinking and long wear.
- New Betts assembly technique using treated bonded thread. Triple knots keep the lead in place and holds netting to leadline (no sagging)
- All nets are balanced with correct weight for super fast sinking and full spread
- Complete instructions included with each net.

Our nets are 20-25% larger at the same or better price.
